

The People of Chisago County (19th Century)

Book Two

E through H

**Compiled by
Earl W. Leaf**

Introduction

This is the second of a series of biographical sketches of the people who lived in Chisago County in the 19th Century (alphabetically E through H). It was not possible to cover every family, and the information is not meant to be complete for any one person. But it may help someone with a clue or two that might help shorten the research process.

In the back of the book the following index lists can be found (alphabetically E through H).

Index of Married Couples

Newspaper References

Military Personnel

References to Chisago County Poor Farm Residents

Selected List of Domestics, Hired Men, Boarders, Etc.

Chisago County Cemeteries Alphabetical Listing (E through H)

Some burials since 2000 will not be included in these listings, particularly from the dozen or so largest cemeteries in the county which are still being used extensively. Thanks to Bob Chudek, many of the cemeteries are now included on the "Find A Grave" Internet site. Eventually all cemeteries will be listed there.
